New Zealand Indian Central Association has compiled the list of issues faced by the community by engaging various Indian Associations and other community organizations in a series of discussions. The compiled list of issues viz. (The Law and Order; Immigration; Social Welfare; Representation in local government, community boards and other Government bodies; India - New Zealand relations; Sustainability of Indian Value system in youth and future

generations) is now being forwarded to various political parties for them to clearly detail the policy about addressing the same.

NZICA has been promoting a united voice of Indians in New Zealand for the last 82 years through its branches and associate units. A lot has been achieved but still we need miles to go.

Please voice your concerns by contacting the Indian Association branch or associate / probationary associate unit, in your area. We all can make a difference by projecting a consolidated voice through a Common platform.

**Please help to strengthen our common voice by taking membership of the Indian Association Branch in your area.**
